

CERTIFICATE

Nr 208-06

Hereby certifies that:

Przedsiębiorstwo Produkcyjno-Handlowe Dankros Sp.z.o.o.

has received approval to mark preservative-treated products of European redwood (*Pinus sylvestris*) in wood preservation class A with the Nordic quality label

The approval refers to wood treated with the preservative Tanalith E3475 which contains copper, tebuconazole and propiconazole as active ingredients. Wood preservation class A implies a treatment in compliance with penetration class NP5 according to SS-EN 351-1 (full sapwood penetration) and a retention of preservative in accordance with the approval issued by the Nordic Wood Preservation Council (NWPC).

Przedsiębiorstwo Produkcyjno-Handlowe Dankros Sp.z.o.o. has a quality assurance system according to the requirements in SS-EN 351-1 and NWPC Document No 1” Nordic wood preservation classes and product requirements for preservative-treated wood. Part 1. Pine and other permeable softwoods”.

The production and factory production control are supervised by RISE Research Institutes of Sweden AB. The supervision of the production includes determination of preservative penetration and retention in the wood as well as determination of the percentage of active ingredients within the preservative.

This approval is valid until 1 July 2029 but can be withdrawn if the requirements in NWPC Document No 1 and 3 are not fulfilled.
